EPA is committed to working closely with response agencies and state and local officials to ensure the safety of citizens, respond to concerns and to evaluate impact to water contaminated by the Gold King Mine Release. EPA is sharing information as quickly as possible with the public as experts work to evaluate any effects the spill may have on drinking water, public health, agriculture, fish and wildlife. Please see our website for the latest information: <http://www2.epa.gov/goldkingmine>
Regular updates will be posted as they are available.
EPA Hotline: 844-607-9700

Comments:
Attention: Golf King Mine Mapping Services

We are an airborne mapping company in Telluride, Colorado and want to know if you need airborne imagery and mapping data for the current toxic spill from the Animas River.

We have recently been awarded by the FAA with our UAV Drone mapping approval, please let me know if you need imagery, video or GIS mapping data of this river spill.

Kind Regards,

Karl Engstrom - CEO
